

BE310

CHANNEL BRACKET 8" WALL CLEARANCE

Wall bracket for mast which is required to clear very small or no overhang or Pole to Pole spacing of 4" (100mm), 6" (150mm) & 8" (200mm) as selected.

Wall fixing can be with either 1 x 13mm hole in centre of plate or 2 x 11mm holes 63mm apart on centre line.

Drilled to take 1 x BE915 'V' or BE953 'U' bolt and requires only a single centre fixing per bracket.

Wall fixings recommended are Order Code : BE917/10 and BE917/12 for single fixing

If a larger overhang needs extra clearance then 2 brackets can be bolted together to increase clearance.

2 x 2" 'V' Bolts Order Code : BE915 (V Bolts Sold Separately)

or

2 x 2" 'U' Bolts Order Code : BE953 (U Bolts Sold Separately)

Finish : Sherardized

Designed and Manufactured by BARENCO
